Work Experience

Havas Magma, Senior Front-End Developer

February 2017 - March 2023 (6 years) | Heredia

Developed and maintained responsive web applications using best practices in code, CI/CD, task automation, SPA, and cross-browser compatibility.

Collaborated with designers and back-end developers to translate mockups and wireframes into functional web pages.

Built and implemented reusable UI components using React, Angular, or Vanilla JavaScript based on project needs.

Optimized web application performance for various screen sizes and devices.

Lead the development of a RESTful API Web Application to streamline project management and tracking.

Beyond Expect Technology, Salesforce Developer

Jun 2023 - August 2024 | Heredia

Successfully transitioned into a front-end focused role within Salesforce by learning Apex, LWC, Flows, and SOQL.

Developed custom features for Amazon Prime Video Account using Salesforce tools to enhance efficiency and user experience.

Demonstrated strong problem-solving skills and adaptability to new technologies.

Prodigious, Publicis Groupe, Senior Creative Engineer

Jan 2013 - Feb 2017 | Belén, Heredia

Delivered high-quality code for challenging projects with clients like Verizon Wireless and Kraft Foods.

Collaborated closely with clients to ensure their needs were met through attention to detail and effective communication.

Played a key role in establishing coding standards and guidelines to improve overall code quality.

Accenture, Motion Developer

Nov 2009 - Jan 2013 | Heredia, Costa Rica

Developed complex animations and rich media advertisements for a variety of projects.

Built a system for creating eDetail applications that worked seamlessly across multiple devices.

Applied design patterns and object-oriented programming principles to deliver scalable solutions.
